

THE 'OSCAR' FARM

July 13, 2023

IN TODAY'S 5:45 PM (ET) Mass at St. Gertrude the Great Catholic Church in West Chester, Ohio, the homily of Fr. Stephen Mckenna was on **the vision of Hell** seen by the three shepherd children, Lucia Santos and her cousins, Jacinta and Francisco Marto, one hundred six years ago on the 13th of July 1917 during the apparition of Our Blessed Mother in Fatima, Portugal.

This homily reminded this writer of the **vision of Hell** related by a person intimate to him, two and a half decades ago. According to this visionary, he was going to make a Mass card for a distant relative who recently died while on a trip in the Orient, when suddenly the desk he was writing on disappeared and the earth opened up. What he saw was **Hell and the relative was in there**. The soul was **stuck in the dark mud** and the soul looked like the 'Oscar' **statuette** given out during February of each year to the winners of the Oscar Awards of the film industry. There were many 'Oscars' in there and **the hue of the ember fire intensity** varies for each one. The souls seemed to be stuck in place forever and had to **suffer in place without any movement**. The relative was cursing the visionary non-stop and the visionary told the suffering soul, "I am sorry to see you there. I knew all along that you were making fun of my masculinity because I disdained the temptations of the flesh and all the carnal offerings of women who are the gates of Hell. You are now stuck forever. I feel so sorrowful for your plight but this is what you chose." Then the vision of Hell disappeared.

The 'suffering in place' part of the story made this writer skeptical because visions of Hell from different writers seemed to indicate otherwise. Then, this writer read what St. Alphonsus Di Liguori said about souls in Hell. He said, "Wherever a soul drops in Hell, **the soul is stuck there forever!**" This visionary's story must be true! It is like **a farm of 'Oscar' statuettes!**

When in pain, most often than not, moving around helps control the pain. But to burn **without movement! Oh, what a curse!** Oh, what agony and misery, **to burn in place** and all one can do is **burn, cry, howl, curse and suffer for all eternity!**

Avoid Hell! Pray without ceasing! Make reparation for your sins and those of others. Forgive your enemies and all who hate you! **Just do everything Our Lord Jesus commands, what our Blessed Mother advises us and do what the saints do.**

At all costs, avoid Hell!
