

## HATED THAT GUY SO MUCH! THEN CREMATE HIM!

If you hated someone so much, there is a weapon you could use to inflict the greatest pain and suffering you could do to this person **even unto the next life**: **JUST PAY FOR HIS CREMATION or SUGGEST CREMATION TO HIM**. When he dies **and his body is cremated**, you will put him in a place **outside of Purgatory**, if he was just enough to avoid Hell.

There in that place of **punishing fire**, he keeps suffering the intensified fire of cremation that reduced his body to ashes. This place of intense flames is **not in Purgatory**! He will not be able to access the purifying fire of Purgatory, which means he will not go to Heaven unless the cremation onus he went through **is removed by a specific prayer and fasting**. Because everybody thought this guy you hated is a good guy, and no one is praying for him, then he will be staying outside of Purgatory until the end of time. What a way to punish your enemy, HUH?!

What about you who plotted this spiritual punishment? Definitely, **you have put one foot towards Hell for your hatred and wickedness**. Your eternity might be worse than the one you sent to the spiritual crematorium.

You the reader, might ask, “Wait a minute, are you not the webmaster for The [LordofPardon.org](http://LordofPardon.org), that teaches all these good spiritual treatises so that all could go to Heaven? **Why teach the wicked way of seeking revenge? What is wrong with you now?**”

This writer replies, “Nothing! **I just want to expose the terrible consequences of cremation when it is chosen over ground internment. Cremation is something you only think of when seeking revenge!**” So if cremation is even suggested or considered for the disposition of one’s body after death, cremation should be considered nothing more than the **Vatican II and Satanic plot to inflict the greatest pain and suffering** to souls going to Purgatory. It should be dismissed summarily!

Why is this a plot? It is a plot because St. Theresa had written to bishops, priests and confessors about this and are all in the archives of the Convent of the Incarnation. **This truth**

of the horrors of cremation were already prevalent during her time among the other priests but the church authorities do not even have anything written or teaching to warn Catholics of the intense spiritual penalty of cremation. The Vatican II popes were the ones that allowed cremation!

Readers, just tell everyone how horrible are the torments of those who went through cremation and are not in Hell. It is just like waiting for the flight to Heaven in a high temperature roasting oven, while despairingly waiting for the key to the cooling zone of the departure gate, that never arrives.

All of the above information was culled from YouTube, “The Pain the Soul Suffers After Cremation” by St. Teresa of Avila. ### DIVINE REMEDY FOR THE SUFFERING CREMATED SOULS

God in His infinite mercy always gives us remedies for all chastisements that we have earned by our errors. In this particular situation of accidental or voluntary cremation of a Purgatory bound soul, Our Lord Jesus Christ gave St. Teresa the following prayer and conditions to be offered for the release of the suffering souls from the fire of continuous cremation.

#### The Prayer:

“Jesus Christ, Lord of life and conqueror of death, You rose in a glorious body showing the final destiny of all sanctified flesh; by the power of Thy Cross, which sanctifies all suffering, heal in the soul of (name of cremated person) the wound caused by the violent separation from its bodily temple. Accept Lord my small suffering as medicine for his/her, and grant him/her access to the purifying fire he/she needs for his/her salvation. Protect the living from the disturbances caused by this suffering and grant us wisdom to help all souls in a similar condition. Amen.”

#### Conditions to be Met for the Efficacy of the Prayer:

1. The one praying for the cremated soul must be in a state of grace i.e. no mortal sin.
2. The prayer must be said in front of The Blessed Sacrament.
3. The prayer must be recited for nine consecutive days at the same time each day.
4. A semi-fasting is required, that is, at least one full meal is abstained from during this novena.

**In Conclusion:** If you love someone who just died, then voice out your love for this person by stopping any intention of cremating his/her remains, if they already planned it. This is true love and concern for a beloved one. To remain silent, means you will also bear the consequences of this cremation as revealed in the writing of St. Teresa. It is going to be very unsettling.
